

Actuarial Post-Graduate Program

GET EXPERIENCE.

Our Actuarial Post-Graduate Program will help lay the foundation for your career through quality opportunities to learn and grow professionally.

Meaningful actuarial work

- Report to a credentialed actuary
- Work within the Actuarial department alongside innovative and talented actuaries at all levels
- Develop real-world analytical and communication skills while working on projects such as reserving studies, dividend scale testing, and product pricing

And, you'll be working for a company that is highly respected in our industry.

HAVE AN EXPERIENCE.

From the day you join us as a member of the post-graduate program, you'll have the opportunity to learn what it's like to work as an actuary at a leading company in the heart of Milwaukee.

Benefits

- Competitive wages
- Exam raises
- Company-sponsored study time and exam support
- Comprehensive benefits, including health insurance and PTO
- Relocation assistance
- Lunch provided
- Modern and collaborative work environment
- State-of-the-art fitness center

WHAT'S THE ROLE?

As a member of the Post-Graduate Program, you will work under the direction of a credentialed actuary and engage in meaningful work to further our strategic initiatives. Program participants will utilize their skills to research problems, analyze data, and present their findings. The use of sound actuarial principles, timely completion of projects, efficient use of resources, and appropriate communication are expected.

Along with engaging work, you will have multiple development opportunities. These include connecting with actuaries at all levels across the company, on-the-job training, study hours, and engaging with multiple Employee Resource Groups. Northwestern Mutual wants you to make the most of your experience to jump-start your actuarial career.

BRING YOUR BEST! WHAT THIS ROLE NEEDS:

- Bachelor's degree in Actuarial Science, Mathematics, Finance, or related major
- Strong analytical and communication skills, and evidence of a strong work ethic
- Successful completion of an SOA exam
- A working knowledge of Excel or similar office tools

The Actuarial Post-Graduate Program runs for approximately eight months from fall to spring. There is potential to convert to full-time employee status within our Actuarial Leadership Development Program pending work performance and business need.
